

SEPTEMBER 2011 PRAYER LETTER

Church Construction Project

Praise the Lord, week by week, steady progress is being made on our building. Right now the exterior of the building is getting wrapped with insulation board and the outside walls are really taking shape as stucco is applied. We still have much work to do and many financial needs, but we are trusting God to help us move in by years end.

Youth Meeting & Evangelism in Forrest

We were blessed to have Pastor Jeff Redlin visiting with us for a special youth outing and evangelization in July. Praise the Lord, we had a good crowd with many visitors who heard a clear Gospel presentation. It also encouraged us personally to spend time with someone who has had an impact on our lives and ministry over the years.

Spiritual Growth

As a pastor and missionary, I am greatly burdened about seeing people grow and mature in the Lord. Just as our church building project is coming together step by step, my desire is to see people built up and united together. The challenges here are vast as each one has so many different needs. Pray with us as we desperately need God to do His mighty work of reviving hearts, bringing conviction, healing the hurting ones and changing lives.

Vacation Bible School/Saturday Bible Club

The last week in August, the church was full everyday with children having fun and learning about "Following the Steps of Jesus" during VBS. We praise the Lord for all the children who came and especially for several children who chose to follow Christ with their whole life and prayed for salvation. We used the excitement of the week to help kick off our Saturday morning Bible club that is now up and running after the summer break. Please pray for all of us involved in these ministries as we seek to bring these little ones to Jesus, so that He may change their lives forever.

Ford Family Update

September 1st, Hannah and Josiah's life got more exciting as they both started spending the first half of each day at kindergarten. They seem to be enjoying it. It is hard to believe how big they both are getting. Pray for them as they adjust to this new adventurous phase of life.
